

The IPS 4N1® flashing is equipped with a large base and flexible collar to provide a water-tight seal over 1¼" - 4" pipes. The multi-size 4N1® collar is manufactured for maximum durability, with ultraviolet and weather resistance and is backed by a life of the roof warranty.

IPS Multi-Size 4N1® Features & Benefits

- 4 sizes in 1 for on-the-job convenience – fits pipes 1¼" to 4"
- Large base and nailing flange for extra coverage in freeze-thaw climates
- Fits any roof pitch to 45°
- Flexible PVC collar conforms to vent pipes to create a water-tight seal
- Backed by a life of the roof warranty
